

Saint George – Places in Austria

Instruction for teacher

Age: 13+

Social organization: individual, pair or group work

Time: 40 minutes

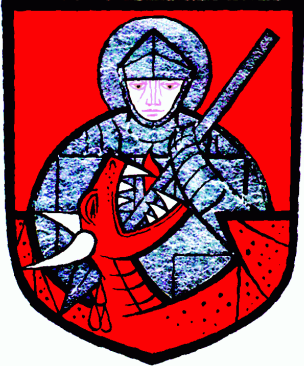

Description:

There are many places in Austria associated with the name “Georg”.

Look at the emblem and write down the federal state and the number of the place. You need a computer to search for the villages.

Each student gets a coloured copy of the emblems, the map with the numbers can be projected in class or copied as well.

The solution is on the last two pages.
